

FINOMED® PV

First time effervescent technology to formulate liver tonic

FINOMED® PV is a hepatoprotectant which supports liver functions and removes ill effects of liver damages. In chronic liver cases and specially in post mycotoxicosis, mobilizes fat and keeps liver active. It is a Bio-dynamic Product and talks to the animal in its own language. Yeast extract along with liver extract in **FINOMED® PV** revitalize liver to regenerate. **FINOMED® PV** easily dissolved in water- instant uniform mixing without clogging of nipple drinker.

FINOMED® PV: MORE THAN A TOXIN INACTIVATOR:

- Innovation speaks about quality and functions
- More viable birds- reduces mortality
- Normalize water & feed consumption during challenge period
- Reduction of stress and maintains feed intake
- Support vital body function by revitalizing liver
- Improves response to vaccination

Composition: Per Bolus 5.5 gms contains:

Ferric Chloride, Thiamine Hydrochloride (B1), Riboflavin (B2), Nicotinamide, Calcium, Yeast Extract, Sorbitol, Liver Extract and Choline Chloride

Benefits:

- Prevention of liver damage from mycotoxins & avoid perosis.
- Minimizes liver damage due to pathogens like bacteria, virus, fungi & to overcome hypertrophy of liver.
- Increased liver secretions for better digestion and boost liver function.
- Faster recovery from stress & diseases of all types.
- Enhanced flock immunity, Improved Growth, FCR, Fertility & Hatchability.

Direction of usage:

Add one bolus in one litre of water to make a **stock solution** and add this stock solution in desired water for 300 birds (300 Kgs). During liver dysfunction- advice to continue the same administration for 5 to 7 days. Preferably give in morning water and change the after 4 to 5 hrs of administration.

Cattle (250 Kg)– 5.5 gms every day for 5-7days

Presentation: 20 tabs in HDPE bottle

Manufacturing and Marketed by:

FINRAY BIOTECH INC.

VEDANT COMPLEX, NH NO. 8, SURVEY NO 552, BAPOD

NEAR HANUMANJI TEMPLE, WAGHODIA CHOWKDI,

BARODA - 390019. GUJARAT, INDIA.
